

# 2020 DKMM Special Collection Events

January 2020

**March 2020 update from DKMM - Due to the COVID-19 virus, we are canceling the April 25th Household Hazardous Waste and Paint event. We hope to reschedule the event for the fall. All other special collection events are currently still considered on schedule. We will monitor the situation and make any further changes as appropriate.**

There will be four special collection events offered this year to the residents of Delaware, Knox, Marion, and Morrow Counties (DKMM). There is a bit of a change in the timing this year with two of the events being offered in the spring (Morrow and Marion) and two of the events being offered in the summer (Delaware and Knox). Click on the link below to open the flyer and read the details of each collection event. Please help keep our township beautiful and clean by utilizing this service to properly dispose of hazardous waste, paint, and electronics. Two of the events are also offering paper shredding.
